🎬 PART 1: SEAN'S VIDEO SCRIPTS

The Core Insight (from Sean's actual words):

> *"Why is it that so many attorneys seem unhappy and stressed in the firm, and those two relatively young partners look so tan, happy, and relaxed?"*
>
> *"Because they bring in the business."*
>
> *"Selling, for lawyers, equals more money, more free time, and more magic and fulfillment."*

VARIANT A: "The Tan Partner" (Story-Led)

[SEAN ON CAMERA - Casual, direct, slightly leaning in]

"Let me tell you about the day that changed everything for me as a lawyer.

I was billing 90 hours a week. Just pulled off an incredible win — and my boss took credit for it. Not one word of acknowledgment.

I looked around the firm. Most partners seemed miserable. Stressed. Burned out.

But there were two partners — young guys — who looked tan, happy, relaxed. I asked someone: 'What's their secret?'

The answer changed my life: 'They bring in the business.'

That's when I realized: the attorneys who control their practice — who know how to bring in clients — they're the ones with the money, the time, and the fulfillment.

The rest? They're worker bees trading hours for dollars until they burn out.

I spent the next 20 years mastering what those tan partners knew. Built a billion-dollar ecosystem. Won two Top 100 National Jury Verdicts — one of only two attorneys out of 1.2 million in America to do that.

Now I'm sharing everything at the ACT-I Legal Summit.

Three days. The exact system for taking control of your practice — not working more hours, but working the right 0.8% of activities that create 64x the results.

Register now. This is the event that changes your trajectory."

VARIANT B: "The $250K Trap" (Direct Challenge)

[SEAN ON CAMERA - Standing, Zeus energy, authoritative]

"You're making $250,000 a year as a lawyer. You're billing hours. Developing zero business. And you're the constraint.

Here's the truth no one tells you: You will never get to five million a year doing what you're doing now. Never. Because you're trading time for money, and time is finite.

I know because I was you. Billing 90 hours a week. No acknowledgment. Watching partners burn out while a few seemed to have it figured out.

The difference? Those few understood something: your legal skills are the floor, not the ceiling. The ceiling is influence. The ceiling is bringing in business. The ceiling is becoming the one clients seek out — not the one who bills their time.

At the ACT-I Legal Summit, I'm going to show you exactly how to break through that ceiling. Three days of the system I used to build a billion-dollar ecosystem and win verdicts nobody thought possible.

This isn't theory. This is the exact playbook.

Register now. Stop trading hours for dollars."

VARIANT C: "The Unblinded Lawyer" (Aspirational)

[SEAN ON CAMERA - Warm, leaning back, builds energy gradually]

"What if I told you that everything you learned in law school about building a successful practice... was incomplete?

You learned the law. You learned procedure. You learned how to argue.

Nobody taught you how to see what you can't see.

That's what kept me stuck for years — billing endless hours, getting no acknowledgment, watching burned-out partners and wondering if that was my future.

Until I discovered there's a formula. A system for the 0.8% of activities that create 64x the results. For influence. For bringing in business. For building a practice that serves you

instead of consuming you.

I used it to become one of only two attorneys in America with two Top 100 National Jury Verdicts. To build a billion-dollar ecosystem. To help thousands of attorneys transform their practices.

Now I'm bringing it all together at the ACT-I Legal Summit. Three days that will show you what's possible when you stop being blinded by the way things have always been done.

Register now. See what you've been missing."

📄 PART 2: LANDING PAGE COPY

Headline Options (Split Test):

- **A:** "The 3-Day Event That's Changing How Attorneys Build Million-Dollar Practices"
- **B:** "Why the Happiest Lawyers in America Don't Bill the Most Hours"
- **C:** "One of Only Two Attorneys With Two Top 100 Verdicts Reveals His Complete System"

The Problem:

You went to law school to build a great career. Instead, you got:

- 60-80 hour weeks with no end in sight
- Partners who take credit for your wins
- The constant pressure to bill more hours
- Zero training on how to actually bring in business
- A growing suspicion that "making partner" won't fix anything

The Truth:

The attorneys who have time, money, and fulfillment aren't the ones billing the most hours. They're the ones who mastered what law school never taught: how to bring in business, how to command influence, and how to build a practice that works for them.

The Solution:

Sean Callagy — one of only two attorneys out of 1.2 million in America to win two Top 100 National Jury Verdicts — has spent 20 years building the system that transforms burned-out attorneys into practice owners with control.

At the ACT-I Legal Summit, he's sharing everything:

- ✅ **Zone Action:** The 0.8% of activities that create 64x results
- ✅ **The 7 Levers:** The complete marketing and sales system for attorneys
- ✅ **Influence Mastery:** How to become the attorney clients seek out
- ✅ **Process Mastery:** Systems that work while you sleep
- ✅ **The Unblinded Formula:** See what you've been missing

📞 PART 3: MILO PHONE SCRIPT

Goal: Convert Summit registrants to VIP tickets which include an Athena strategy session

Opening (Emotional Rapport):

> "Hey [Name], this is Milo from the ACT-I team. You just registered for the Legal Summit — I wanted to personally reach out because I saw [something specific about their registration/practice area].
>
> First — what made you decide to register? What's going on in your practice right now?"

[LISTEN. Level 5 Listening. Don't interrupt.]

Truth to Pain:

"So if I'm hearing you right... [reflect back what they said, slightly deeper]. And I'm guessing that's been weighing on you for a while — not just the [surface issue], but the bigger question of whether this is sustainable."

[Wait. Let them go deeper.]

VIP Offer:

"So here's what I want to offer you. We have a VIP track for the Summit that includes something most attendees don't get: a one-on-one strategy session with Athena before the event.

Athena is our Zone Action specialist. She'll look at your specific practice and identify the exact 0.8% moves that will create the biggest leverage for you. So when you show up at the Summit, you're not starting from scratch — you already have a personalized roadmap.

The VIP ticket is [PRICE]. And honestly, the Athena session alone is worth more than that if it helps you see the one constraint that's holding everything back.

What questions do you have?"

🎯 PART 4: ATHENA SESSION FLOW

Goal: VIP strategy session that qualifies and closes Vision Year ($50K)

Session Structure (45-60 min):

Phase	Duration	Focus
Context Gathering	10 min	Current revenue, practice structure, perceived constraint
Zone Action Diagnosis	15 min	Identify 80% vs 20% activities, find hidden constraint
The Vision	10 min	Paint the $1M/$2M/$5M picture
The Offer	10 min	Present Vision Year program

The Close:

"Here's what I want to share with you. Everything we've talked about — the Zone Action, the constraint, the path to [their goal] — that's exactly what the Vision Year program is built for.

It's a 12-month intensive with Sean and the ACT-I team. You get:

- Monthly strategy sessions (like this one, but ongoing)
- The complete 7 Levers implementation for your practice
- Access to the full Unblinded Formula training
- A cohort of other serious attorneys on the same path

The investment is $50,000 for the year.

And here's why I'm telling you now instead of waiting for the Summit: if you're serious about making this change, starting before the Summit means you show up already in motion. The Summit becomes an acceleration, not a starting point.

What's your gut telling you?"
